

## Our Lady Of Perpetual Help Spelling Bee

Resurrection Academy sent two students to this year's Our Lady of Perpetual Help Spelling Bee. They were accompanied by their teacher Mrs. Claudia Hernandez. Pictured are Amar Del Mundo 7th grade and Sean Mariano 5th grade.

## Let's stay Connected

Save the date for Casino Night, March 23th, and postponed due to Covid-19. Our next turn-around coming soon. Pandemic Shelter at home order. Please stay safe at Resurrection Academy.

## Soccer @ Resurrection

Thank goodness for our supportive families at Resurrection Academy. Our coaches this year are Coach Millie and Coach Adolfo who are helping students in 1st grade through 4th grade work on their good sportsmanship skills. The Saints are 0 and 3 but with 3 more games to go we have high hopes. The Saints play at Aquinas High School in San Bernardino on Saturday mornings. Pictured are Leah (3rd), and Camila (3rd) who are on the team.

## Science Fair Finalists

It was another windy day at Resurrection Academy when all of the students in grades 3 to 8 brought in their Science Fair projects to present for judging. Of our 195 students who participated these fifteen students were chosen as our finalists:

Ortega (4th). Middle row; Rudeeji Deguia (6th), Benjamin Ruland (6th), Alyssa Suarez (6th), Rochelle Severo (4th), Anton Ballisteros (5th), Bottom row; Raphael Ballisteros (3rd), Rhain Santos (3rd), Mikaela Bellisteros (3rd), Sophia Ochoa (4th). Not pictured are Faustina Okeke (8th) and Aimee Zaragoza (8th). From these fifteen students' reports the top five were chosen.

# Science Fair

These five students presented their Science Fair projects to teachers and the school to decide the top three. While all of the projects and presentations were exceptional only three would be chosen as our final three. Of the five Christian Gonzalez from eighth grade was our number one finalist. Benjamin Ruland from sixth grade took second place and Luc Duranleau from sixth grade won third place in Resurrections Academy's 2020 school Science Fair. Resurrection Academy photo.

Happy 100 days for Resurrection Academy kindergarten and TK students was Tuesday, February 4th, this year. Students celebrated by learning a poem of 100 things, reading a book with 100 words, and singing a song about the 100th day of school. Students colored a poster titled, Happy 100th Day!

They made necklaces with 100 Fruit Loops, brought 100 items from home in a zip-lock bag and traded them with each other to count each others 100 things. The students in both classes enjoyed Happy Meals from McDonald's and filled two piñatas

with 100 candies. Then went out to have 100 swings to see who could break the piñata and get all of the goodies inside. In all it seemed like they did 100 things on that day. What a rewarding

event just for coming to school for 100 days! Only 80 more to go until summer break, but who's counting?

## Fontana Christmas Parade

Resurrection Academy has participated in the Fontana Christmas Parade for approximately 10 consecutive years. Our float this year featured posters made by students in every grade. Resurrection has great attendance at this

event and students have great fun waving to everyone even in the rain.
